- d.  This Station is generally considered satisfactory. It is noted, however, that the last accounting received at Headquarters is for December 1955. Station notified Headquarters by cable that the January and February accountings would be delayed due to pressure of other work.
- e.  This Station has improved considerably since the arrival of a finance-trained Administrative Assistant. The suspense items against the Station have been reduced from 19 to 2, and dispatches are now being promptly answered by the Station.
- f.  This Station was converted to Class "A" status effective 1 April 1956. Since the arrival of a trained Finance Officer, disbursements have been properly documented and a concentrated effort has been made to clear all outstanding suspense items.

4. We are pleased that so many of your Stations have been reported upon favorably and especially those stations that have improved since the issuance of the last report.

5. These reports of fiscal conditions at overseas stations are made periodically by the Comptroller. The next one will be submitted as at 31 October 1956 and each six-month period thereafter.
